

RoHS CONFORMITY

We hereby declare that our products comply with all the requirements and exemptions established by the European Directive RoHS 2.0 2011/65 EU and by the Delegated European Directive (EU) 2015/863, as cited in the declaration of conformity for each products.

REACH CONFORMITY

We hereby declare that our articles comply with the requirements of the European Union Regulation (EC) 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), as according to the structure of the REACH regulation, our company is a manufacturer of "ITEMS" for our EU customers. We do not manufacture "substances" or "preparations" and our articles do not involve the intentional release of substances. Therefore, registration or pre-registration or authorization for the product we supply is not required.

Regarding the requirements of Article 33 of REACH: "Obligation to communicate information on substances in articles", we declare that none of the SVHC (Candidate List of Substances of Very High Concern for Authorization published in accordance with Article 57 of the Regulation REACH) is present in our article in a concentration equal to or greater than 0.1%.

Regarding the requirements of Article 67 of REACH: A substance as such, in a preparation or in an article, referred to in Annex XVII, subject to use restrictions must not be placed on the European market or used unless who does not comply with the conditions of that restriction. We declare that none of the restricted use substances are present in our product.

Furthermore, as the REACH regulation is updated frequently, for the main subsequent changes, such as the inclusion of SVHC substances in Annex XIV, the inclusion of substances subject to and restrictions in Annex XVII, our company will evaluate further revisions over time and will update the declaration adapting it to such changes. In case of failure to submit a new declaration, the validity of what is reported herein is considered confirmed.
