

Presentation

The SENSE DMX CABLE DMX512 is specially designed for the installation of DMX networks, both for indoor and outdoor installations

Technical characteristics

Sheath Diametre : 7 mm
Colour : Grey
Material : PVC

Cable Diametre : 22 AWG
Conductors : 2 x twisted pairs 2 x 0,34 mm²
Material : Tinned copper
Isolation : Polyethylene
Shielding : aluminium braided shield
Ground wire : tinned copper
Impedance : 110 Ω (+/- 5 %)

Electrical characteristics Maximum voltage : 300 V
Linear resistance : 60,6 Ω / km
Isolating resistance : > 500 M Ω / km
Impedance : 110 Ω
Tolerance : ± 3 Ω

Weight 110g / metre
